3 New Exciting Developments helping you to save – see overleaf!!

Dear Customer,

At Clean Ireland our mission is to provide our customers with a transparent, environmentally aware, cost efficient service.

Loyalty is very important to us. We do not entice new customers with special offers and gimmicks at YOUR expense. As a loyal customer you are already aware of the cost saving that comes with the use of our tried, trusted and transparent pay by weight service. You cannot compare our service to that of our competitors because there is no comparison!

During 2009 we embarked upon a Focused Programme of Carbon Footprint Reduction.

Phase 1, September 2009: The first Company to provide a Brown Bin compost service in the region, reducing green house gases by diverting food waste from Landfill.

Phase 2, January 2010: Introduction of dual collection system in rural areas, reducing the number of trucks on our routes and reduced emissions.

Phase 3, March 2010: Introduction of FREE 360 ltr bin for increased recycling, another first for Clean Ireland – more information overleaf.

Attached is your new Clean Ireland Recycling **Easy Pay Card**

Remember, when you receive a bill from us, you don't need to pay all of it straight away. You can part pay what you want, when you want*. As long as you keep your account topped up we will continue to collect your bins.

You can even check how long your top up will last by calling our payment line on 1890 361800 Option 2, Option 1. You can simply use your account details which are pre-printed on your card to make a payment using any of our available options. See below for the benefits of Easy Pay.

Yours Sincerely,
Household Department

**See Overleaf for
3 New
Exciting Developments
helping you to SAVE!!!**

The benefits of the card are simple:

- You always have your account number available to you should you wish to avail of our Easy Pay system which allows you to part pay your invoice.
- You don't have to bring your invoice with you to the Post Office when you want to pay – they can simply scan the bar code on the back of your card.
- You can refer to your card for your account details when you wish to use our web payment service or our credit card phone line.
