No:

- ✗ Glass
- ✗ Food/Green Waste
- ✗ Wet/Dirty Waste
- ✗ Sanitary Waste
- ✗ Polystyrene
- ✗ Foil
- ✗ Contaminated Food Packaging
- ✗ Tea Bags
- ✗ Any Other Rubbish

Tips for using your Blue Top Recycling Bin

- Only materials mentioned on the yes list should be placed in your Blue Top Recycling Bin.
- All materials should be clean and dry, free of any food/ drinks contamination and compressed where possible.
- Place all recyclable materials loose in the bin including plastic bags. Do not place other recyclables in the plastic bags.
- In the interest of Health and Safety Clean Ireland Recycling is not collecting Glass in the recycling bin. Please use the plastic box for glass (where provided) or take your glass to your nearest bottle bank.
- Bins contaminated by materials **NOT** on the **YES** list or wet dirty material will not be collected.
- A Rejection Sticker will be placed on contaminated Bins.
- The owner must remove the contamination from rejected Bins.
- To help sort the problem we will collect your contaminated Blue Top Bin on waste collection week. **This will be allowed for one collection only** after which you must revert to alternate week collection.

Remember!!!

Your recycling bin is collected on alternate week to your refuse bin. Only materials Mentioned on the YES list may be placed in your Blue Top Recycling Bin.

Remember "if in doubt, leave it out."
